

20 November 2014

- Military Sealift Command (MSC) has a requirement for hoses to be delivered to the USS Frank Cable which is located at Polaris Point Guam. Please provide a quotation on your company's standard form to my office on or before 1000 on Monday, November 24, 2014. Your quote should be e-mailed to keith.beem@fe.navy.mil.
- Provide your company's DUNS and CAGE codes.
- Prices should include transportation to Naval Base Guam (see shipping address below).
- Required Delivery Date is December 14, 2014.
- Payments for any purchase order will be conducted electronically through Wide Area Work Flow (WAWF).
- This requirement is a 100% small business set-aside.
- Selection will be made to the company whose offer is deemed technically acceptable with lowest price.
- Note: MIL SPEC, NSN and manufacturer information in the abstract is for information purposes. All quoted products must meet the salient characteristics listed below.

Abstract: Procure the following 2-1/2 IPS non-metallic, ozone and fuel resistant hoses fitted with camlock male and female fittings and camlock end caps/plugs. Hydrostatic test and prove each hose with hose camlock fittings attached are leak free. Stencil each hose with test pressure and date. Crate and air ship to Guam "DOOR-TO-DOOR".
